

# Miandetta Primary School

## Digital Technologies Acceptable Use Agreement 2023

Digital Technologies include the use of: computers, laptops, iPads, printers, the school network, the internet, email, Beebots, digital/video cameras, scanners, web cams and interactive white boards. At Miandetta Primary School Digital Technologies are used to enhance teaching and learning in several ways: for communicating with other people, for publishing students' work, for research and for learning basic skills.

The rules we follow at Miandetta Primary School when using Digital Technologies are:

1. I will do the task I am meant to be doing.
2. I will take care of the school's hardware and software.
3. I will log off, start and shut-down all digital devices correctly as I learn how to do this.
4. I will keep my password/s to myself, and not ask others for their password.
5. I will only access web sites that the teacher allows and report anything that I know is inappropriate.
6. I will not give out any personal information about myself
7. I will ask permission to take photos, record sound or videos.
8. I will follow class rules on all digital technology use.

-----  
**Students in Prep to grade 2 are required to sign this agreement at the beginning of each year.**

As a responsible digital technology user at Miandetta Primary School, I will follow the above rules. If I break any of these rules, then I will be unable to use the digital equipment at school. I will need to re-negotiate how I use the Digital Technologies at school.
